

A Collaborative Effort of the  
**TEACHING SUPPORT CENTRE** and the  
**SOCIETY OF GRADUATE STUDENTS**

# Navigating the Challenges of Graduate School for Women

This series of events focuses on the unique issues and needs of women graduate students with attention paid to the diversity of their concerns and identities. Through panels, workshops and discussions, participants will explore the issues and methods relating to mentoring women graduate students, culminating in a full day conference which will focus on best practices. Refreshments will be available at all sessions and lunch is provided at the full-day conference.
