

Post-Doctoral Associate in Health Services Research/Health Economics

Location: London, Ontario, Canada

The Department of Epidemiology & Biostatistics, Schulich School of Medicine & Dentistry at Western University invites applications for one post-doctoral position in the area of Health Services Research/ Health Economics. The initial appointment will be for one year with a possibility of renewal. Candidates must possess a PhD degree in Health Services Research/ Health Economics or a related quantitative discipline from an accredited institution. Candidates should have expertise in program evaluation techniques using non-experimental data, and must have strong programming and data analysis experience using health administrative data. The postdoctoral fellow is expected to undertake collaborative research in the area of Primary Healthcare in Ontario, but some independent research is possible. This is an excellent opportunity for new PhD graduates to apply research methods, and benefit from an active well-funded interdisciplinary research environment and publication opportunity. Stipend is highly competitive and commensurate with experience.

Interested applicants should forward their curriculum vitae, a cover letter describing their research interests, training and background, a completed research paper, and three letters of reference to:
