DOCTORAL FLEX TIME REGISTRATION

Student must select flex time registration prior to commencing their program of study and cannot alter their registration status once selected.

Those enrolled in flex time studies pay full time tuition fees for the first four years of their registration and part time fees until they complete their program. As the flex time option is intended for working professionals, Western's doctoral funding guarantee does not apply to students in flex time studies.

Flex time enrolment will normally require two additional years of study to complete the candidate's program in comparison to students in a regular full time enrolment status.

Completion within six to eight years while in flex time enrolment is expected.
