

Supplemental Questions – Help with this Page

The Supplemental Questions page allows our graduate programs to ask you additional questions that reflect elements of the program you are applying to. The responses you provide are made available to the program during the assessment process.

All fields require a response. If you do not wish to provide an answer to a question or the question does not apply to you, you may type N/A as your response.

Question	Please list your preferred faculty supervisors for your program.
	Maximum length: 200 characters
Response	<input type="text"/>

Common Issues

Question Unclear

If you are looking for a better understanding of what is expected when responding to any of the questions on the Supplemental Questions page, please contact the program to which you are applying. Contact information for all graduate programs can be found here: <https://grad.uwo.ca/admissions/programs/index.cfm>.

Error Message: “Question Response can only contain English Alpha-Numeric Characters or Punctuation”

Please ensure that your response only contains English alpha-numeric characters and punctuation. This error message can also occur when your response exceeds the given character limit. Please note that the character limit includes spaces.

If your response contains the appropriate characters/punctuation and is within the character limit, please send your finalized response to gradapps@uwo.ca to have it added to your application. Please include your application number in the email.
