

# ADVISORY COMMITTEE ON POSTDOCTORAL AFFAIRS

## Governance

The Advisory Committee on Postdoctoral Affairs considers and recommends university policy with regard to status, compensation, research conduct and terms of appointment of Postdoctoral Scholars at Western University. The Committee provides oversight for the monitoring of career progress, career development, and conflict resolution. The Committee meets three times during the academic year and is comprised of faculty members, senior administrators, the Postdoctoral Services Coordinator and members of the Postdoctoral Association at Western. The committee reports to the Graduate Education Council, and provides annual summary reports.
